

Who Attends?

The EAUC Conference is for those wishing to fully embed sustainability into their institution and get inspired by sustainability initiatives currently taking place in the sector.

The event provides delegates with the opportunity to link up with like-minded colleagues and have opportunities to network in informal yet subtly facilitated settings. The exhibition of 40+ suppliers to the industry allows attendees to keep up-to-date on what's 'out there' in the sustainable products/services sector that provides crucial support to the tertiary education sector.

For the tertiary education sector, our conference is geared towards practitioners, learning and knowledge exchange, sharing good practices and providing you with valuable tools and contacts to use after the event.

Delegates cover, but are not limited to:

- Senior Managers, Principals and Vice-Chancellors
- Directors of Finance, Resources, Estates and Procurement
- Academics and embedding sustainable development professionals
- Environmental and sustainability professionals
- Energy, procurement, travel and waste professionals
- Estates and Facility Managers
- Sector suppliers
- Students
- Student Unions

We're able to offer a fantastic conference thanks to the support of our sponsors. Sustainability is in all that we do. Are we sure that we are working with the right suppliers to support our ethos? We require that the sponsors and exhibitors attending the conference have a great source of knowledge on the sustainability aspects of their products and services.

The conference offers an excellent opportunity for delegates to talk to experts in the field and get up-to-date on what is out there for the sector. We encourage delegates to support the exhibition which is open for 1 ½ days on 29th and 30th March.
